Subject: California Prop 65 Compliance Statement

To: All AVRGT Customers

This certificate is to inform AVR Global Technologies customers that items produced by AVR Global Technologies do not contain chemicals which are listed on California's Safe Drinking Water & Toxic Enforcement Act of 1986. This Act, commonly known as Proposition 65 (Prop 65), establishes a list of chemicals which the state of California's risk assessment process has determined to present a risk of cancer, birth defects or other reproductive harm.

The Proposition 65 chemical list can be found at:

http://www.oehha.ca.gov/prop65/prop65_list/files/P65single01032014.pdf

Be assured, AVR Global Technologies will continue to monitor the Proposition 65 regulations for any new chemicals. AVR Global Technologies compare any newly listed chemicals with the raw materials in our finished product and communicate this information to our customers.

Regards,

Andy Bowman, Quality Manager / Applications Engineer
